mortgages

- 
- *Too busy to market to your past clients?*
 - *Tired of doing everything yourself?*
 - *Looking for automatic closing gifts sent?*
 - *Want to pick up the phone and talk to an Underwriter?*
 - *Need coaching or someone to reach out to for brainstorming?*
 - *Are you working with your 15th processor in the last year?*

We have a team that understands YOU and helps YOU succeed

- **Why we get it:** We know it all starts with you – the loan officer. That’s why we designed our company around you. We surround you with the team, tools, and technology to help you succeed every day. From our processors and underwriters to our marketing resources and materials, to our technology tools – everything is deployed to help you **THRILL** your clients and referral partners at every step.
- **Our commitment to you:** We’re here to help you close business, **not put up roadblocks**. As a team we all operate under the maxim of supporting you, the loan officer, in every way possible. You’ll be instantly impressed at the level of service and attention you receive. In fact, many of our new hires tell me that they keep pinching themselves after 2-3 months. It’s that good here.

We are proud to have been recognized as a
**Top Mortgage Lender
Company in 2023 & 2024!**

We are proud to have been recognized as a
Best Place To Work
in 2024!

You are about to become a “Raving Fan”

- Our Core Purpose is to *“improve the lives of families.”* In fact, we recognize our loan officers by number of families they’ve helped every month not by the dollar amount alone.
- Our mission is to make every person we touch a “Raving Fan”. We strive to get customers and referral partners to say "WOW" during the loan process. That thought **embodies our culture** and as a result, gives us a competitive edge in the market that helps drive repeat and referral business making us the obvious “lender of choice”.

- We are 100% independently owned and operated. That gives us the ability to adapt quickly to a changing market and make decisions without delays.
- We are a direct seller to Fannie, Freddie and Ginnie. This independent level of control over the entire process eliminates unnecessary steps, allowing us to meet our commitments on time and make quality, common sense mortgage loans.
- While many lending firms are contracting their staffs and operations, Equity Resources is continuing to expand.

EQUITY

mortgages

- We pride ourselves in closing on time...every time!
- In-House loan processing, underwriting and closing.
- Our processors take ownership of your file from the day they receive it all of the way to closing! This will free up your time so you can get another loan and not worry about your pipeline!
- The average tenure for our processors is 8 years of service.
- We do NOT use an AMC. We have an appraisal manager on staff as we self-manage the appraisal process.

The Ultimate in Communication

- Multiple **Email Status Updates** sent to your borrower, your Realtor partners and you, on all loans as they hit specific milestones in the loan process. These emails all come from you so it makes them feel you are the best communicator they've ever worked with!
- Microsoft Teams for Business. Texting, screen sharing with operations and tech support.
- Our ops team is available for "live" calls, they do not have voicemail.
- Accessible "scenario desk" with **BINDING** answers to your questions!
- Proprietary client and Realtor app with live loan status.

UNDERWRITING

- We encourage open communication with your **UNDERWRITER**. (That's not a typo!)
- **24 hour guaranteed underwriting turnaround time** on initial approval **AND** clear to close conditions.
- As an independent mortgage banker we can have **Common Sense/Flexible Underwriting**. We find a way to make your deal work!

Rob B.
Underwriting Manager
Celebrating 11 Years

**Our underwriting motto: Approve Saleable Loans with
the Information Provided by the Next Day**

Up-side down Underwriting:

- **Most lenders take the application, send it to processing for 15-20+ days. Then they send the loan to underwriting at the end of the process so that all the conditions are determined at the end of the transaction. (Everyone **HATES** last minute conditions).**
- **We do it the exact opposite:** We take the application, send the loan to set up and disclosing, and then the processor prepares the loan for underwriting. Within 4 days of the file arriving the loan is sent to Underwriting. Guaranteed turn time in underwriting is 24 hours. We underwrite up front so all the conditions are outlined at the front of the process to make it easier on the Borrower, Realtor and Loan Officer. **DRASTICALLY REDUCING THE NUMBER OF LAST MINUTE SURPRISES!**

Incredible Marketing Department

- **8 Full time team members that support our Loan Officers with personalized monthly newsletters to your clients, Realtors, and referral partners and much, much more...**
- **We created a state of the art marketing system to keep you in touch called ERMA (Equity Resources Marketing Assistant) with all of your past clients, current clients, Realtors and referral partners.**
- **3 year continuity campaign to keep in touch with all of your clients.**
- **Loan Status Updates: We make you look great by providing 7 dynamic status updates to you, your clients, and your Realtors throughout the loan process!**
- **We offer a full library of lunch and learn seminars, flyers and videos to fully support your marketing needs.**
- **Automated “drip” campaign marketing through our robust full CRM system. This is provided at NO cost to our Loan Officers.**
- **Proprietary app designed for Client and Realtor needs including live loan status + mortgage calculator with real time rates by location, program and score.**

CRM/Marketing Tool: “ERMA”:

- **We offer a powerful automated customer-retention and prospect marketing program for all loan officers that is tied into our Loan Origination System. This turnkey system is designed to keep you on top of their minds.**

Have you ever seen clients in the grocery store you did a loan for 3-4 years ago and they come up to you and say “Hi, Yea, we just closed on a new house 1 month ago!!” You are thinking... “Why didn’t they come back to me?” Don’t blame them, blame yourself. You weren’t top of mind! You have to touch your database 12-15 times a year. If you do, you will finance 20-25% of your database each year.

- **When you use a CRM the best part is...you can set it and forget it. It automatically sends flyers and letters on your behalf to prospects, current borrowers, past clients and referral sources.**
- **It also serves as a detailed database management tool - daily prompts detailing who to contact, when and why to ensure you’ll never miss a marketing opportunity again. We help you develop targeted drip campaigns with 1,000’s of prewritten pieces.**

Your Mortgage Team

Football season went by rather 'swiftly' and now we're on to March and basketball craziness. May bracket! And remember, our team is always here to provide mortgage advice to anyone you know.

Slam Dunk First Time Purchase Story

We helped Susan purchase a second home vacation property in 2021. Her daughter Kristy graduated from college and relocated back home from Wisconsin last year and was ready to purchase her first home.

First Time Home Buyer! Kristy went to her bank first and after a long, stressful process on two different condos, the bank denied the loans due to property eligibility. They didn't communicate with her at all during the process and both times they notified her a few days before her scheduled closing that she couldn't get a loan for the condo. 😞

We have a Condo Team that checks each property's eligibility even before a purchase contract is signed, to make sure disappointments like that don't happen right before closing.

Susan told Kristy to reach out to us and we had her clear to close on her condo 20 business days* after we took her application!

THE BEST TEAM, period.

"I don't think I could even write in words how amazing this team is. From beginning to end they were helpful, professional and so easy to work with. I'm so thankful to have had such an easy first time home buying experience! Thank you all for your superior guidance through this entire process." - Nicole

*Turn time varies by transaction, we cannot guarantee loan process time on every loan.

Easter Fact

Over a 500-year period (1600 to 2099 AD), Easter will most often be celebrated on either March 31st or April 16th.

Your Home Equity is a Pot of Gold

Colle and Anne purchased their home with us in May 2022. We recently reached out to offer a savings analysis to see if we could relieve financial stress. Their budget had become tight so they wanted to see if they could consolidate credit card debt that had accumulated. We took a look at their situation and decided a Fixed Rate 2nd Mortgage would be a perfect fit.

Lucky for them, they had built \$98,000 in equity since they bought the home—not even 2 years ago!

We consolidated around \$54,000 of debt for this family AND lowered their monthly expenses by over \$1,300. The APR on their new 2nd Mortgage was 11.586% LOWER than the average credit card APR.

Do you have clients that have put a move or home purchase on hold because it's competitive out there? Here's why it's still a good time to get started:

- **Rates typically rise with the economy.** While commerce is just starting to rev up, interest rates are still near historically low levels.
- **Prices are going up.** An asking price today may sound like a bargain tomorrow. Plus, buying now means they can start earning equity.
- **More people are getting vaccinated.** Experts predict more homes will go on the market as people feel safer about moving. By getting pre-approved for a loan and identifying location and home style now, they'll be ready when the right home is listed.

If you would like to discuss your client's buying situation, please reach out.

We would love to help you and your clients with these Purchase options!

- Second Home Loans
- Investment Property Loans
- No money down programs
- Gift money as a Down Payment acceptable

Your proactive and insightful personality helped ease the fears of home buying."

Real Estate Industry News

- A Redfin Housing Market Update for the 4-week period ending April 4th reported 46% of homes that went under contract had an accepted offer within one week of hitting the market, an all-time high.
- 59% of homes that went under contract had an accepted offer within the first two weeks on the market.
- Homes that sold during the 4-week period were on the market for a median of 25 days, the lowest time on market on record since 2012. This was 15 days less than the same period in 2020, and 22 days less than the same period in 2019.
